Re: Omega Chemical Corporation Site Consent Decree

Dear Ms. Carlson:

I just received the final draft of the Consent Decree and the request for signature page for the Omega Chemical Corporation Site. Exhibit D, which lists the Settling Work Defendants, correctly lists Walt Disney Pictures and Television as the settling Work Defendant. However, the signature page and the pleading caption incorrectly name The Walt Disney Company as a defendant in the matter. Please replace all references to "The Walt Disney Company" in the Consent Decree with "Walt Disney Pictures and Television." For your information, Walt Disney Pictures and Television is a wholly-owned subsidiary of The Walt Disney Company and is incorporated in California.

We will amend the signature page for the Consent Decree to reflect that Walt Disney Pictures and Television is entering into this Consent Decree.

If you have any questions, please call my office at 818/840-1902.

Sincerely,

Robert A. Antonoplis
